Career Objective

A curious and forward-driven student seeking opportunities to apply academic knowledge in a practical environment. Eager to learn new skills, contribute effectively to team projects, and adapt to challenging work situations. Committed to professional growth and making a positive impact through hard work and collaboration.

Education

B.Tech – Information Technology Dr. N.G.P. Institute of Technology, Coimbatore CGPA: 8.31	2023 - Present
Higher Secondary (12th grade) The NEST School Matric Hr.Sec School, Sathyamangalam Percentage: 91%	2022 - 2023
SSLC (10th grade) The NEST School Matric Hr.Sec School, Sathyamangalam	2020 - 2021

Skills

Programming Languages & concepts: Java, C, Python (basic), Data Structures

Web: HTML, CSS, JavaScript, React JS

Database & Tools: Power BI, Excel, SQL, MongoDB

Soft Skills: Communication, Team Collaboration, Leadership, Adaptability

Projects

Power-Generating Footwear	Sep 2023 – Apr 2024
- A wearable innovation that produces electrical energy from walking pressure using an IoT-based mechanism. - Tech: IoT, Sensors, Embedded concepts	
Unified Voting System using AI-Driven Face Recognition	Aug 2025 – Apr 2025
- A secure, transparent digital voting platform using facial authentication to eliminate identity fraud and increase trust in elections. - Tech: AI, Face Recognition, Python, ML concept	

Integrated Multi-functional Platform for Academic and Student Administration in Higher Education

Aug 2025 – Apr 2026

- A centralized web-based platform that simplifies academic management and student administrative processes in higher education.
- Tech: MERN Stack (MongoDB, Express.js, Node.js), HTML, CSS, JavaScript, Bootstrap

LoomLedger – Handloom Saree Management System

Feb 2026 – May 2026

- A web-based platform that streamlines handloom saree inventory management, sales tracking, customer records, and order processing for improved business efficiency.
- Tech: React JS, MongoDB, Mongoose.

Internship Experience

Data Analytics Intern - Qono Technologies Pvt Ltd

- Gained hands-on experience in Power BI for data visualization and analytics
- Designed interactive Power BI dashboards to analyze student performance data and present actionable insights.
- Conducted data cleaning, exploratory data analysis, and visualization using Excel, Python, and Power BI.

Achievements

- First Prize Winner – Startup Tamil Nadu Idea Presentation, organized at Dr. NGP Institute of Technology, Coimbatore, for presenting an innovative startup solution.
- National-Level Finalist – Ideas for Vikshit Bharat S&T Hackathon, conducted during India International Science Festival 2024 at Indian Institute of Technology Guwahati, Assam.
- Hackathon Finalist – Hack-A-Thon 2025 organized by ICT Academy, OpenWeaver, and Confederation of Indian Industry (CII) at Annapoorana Engineering College, Salem, competing among teams to develop innovative technology solutions.

Certifications

- [NPTEL – Introduction to Industry 4.0 and Industrial IoT \(12 weeks\) – Score: 70%](#)
- [TCS iON Career Edge – Young Professional](#)
- [NPTEL – Human Computer Interaction \(12 weeks\) – Score: 90%](#)
- [Data Science for Beginners](#)
