Career Objective

A curious and forward-driven student seeking opportunities to apply academic knowledge in a practical environment. Eager to learn new skills, contribute effectively to team projects, and adapt to challenging work situations. Committed to professional growth and making a positive impact through hard work and collaboration.

Education

B.Tech – Information Technology

2023 - Present

Dr. N.G.P. Institute of Technology, Coimbatore

CGPA: 8.33

Higher Secondary (12th grade)

2022 - 2023

The NEST School Matric Hr.Sec School, Sathyamangalam

Percentage: 91%

SSLC (10th grade)

2020 - 2021

The NEST School Matric Hr.Sec School, Sathyamangalam

Projects

Power-Generating Footwear

Sep 2023 – Apr 2024

- A wearable innovation that produces electrical energy from walking pressure using an IoT-based mechanism.
- Tech: IoT, Sensors, Embedded concepts

Unified Voting System using AI-Driven Face Recognition

Aug 2024 – Apr 2025

- A secure, transparent digital voting platform using facial authentication to eliminate identity fraud and increase trust in elections.
- Tech: AI, Face Recognition, Python, ML concept

Integrated Multi-functional Platform for Academic and Student Administration in Higher Education

Aug 2025 – Apr 2026

- A centralized web-based platform that simplifies academic management and student administrative processes in higher education.
- Tech: MERN Stack (MongoDB, Express.js, Node.js), HTML, CSS, JavaScript, Bootstrap

LoomLedger – Handloom Saree Management System

Feb 2026 – May 2026

- A web-based platform that streamlines handloom saree inventory management, sales tracking, customer records, and order processing for improved business efficiency.
- Tech: React JS, MongoDB, Mongoose.

PatentLens AI – Multilingual Invention Novelty & Prior-Art Analyzer

Jun 2026 – Present

- An AI-powered platform that accepts multilingual invention descriptions, retrieves relevant prior-art patents using semantic search, and provides AI-assisted novelty assessment with similarity analysis.
- Tech: React JS, Python, PostgreSQL, NLP, LLM, RAG.

Internship Experience

Jun 2025 – Jun 2025

Data Analytics Intern - Qono Technologies Pvt Ltd

- Gained hands-on experience in Power BI for data visualization and analytics
- Designed interactive Power BI dashboards to analyze student performance data and present actionable insights.
- Conducted data cleaning, exploratory data analysis, and visualization using Excel, Python, and Power BI.

Skills

Programming Languages : Java, C, Python (basic), Data Structures & concepts

Web Technologies : HTML, CSS, JavaScript, React JS

Database & Tools : Power BI, Excel, SQL, MongoDB

Achievements

- 1st Prize Winner – Startup Tamil Nadu Idea Presentation, Dr. NGP Institute of Technology, Coimbatore.
- National-Level Finalist – Ideas for Vikshit Bharat S&T Hackathon 2024, India International Science Festival, IIT Guwahati, Assam.
- Hackathon Finalist – Hack-A-Thon 2025, ICT Academy, OpenWeaver & CII, Annapoorana Engineering College, Salem.

Certifications

- NPTEL – Introduction to Industry 4.0 and Industrial IoT (12 weeks) – Score: 70%
- TCS iON Career Edge – Young Professional
- NPTEL – Human Computer Interaction (12 weeks) – Score: 90%
- Data Science for Beginners
